... from midafternoon on. Look for the Norwegian flag toward the west end of North Glenmore Park. BYOE (Bring Your Own Everything). Ron has firewood and some outdoor games. Come meet Barbro and Gerhard, visitors from North Norway.

St. Olav (Norway's patron saint) was the last saint named before the "Great Schism" created the Catholic and Eastern Orthodox churches. New member John Eike has St. Olav icons available for purchase, pictured on the right. ([johneike21@gmail.com](mailto:johneike21@gmail.com))

### New book about WWII

I would like to introduce myself to you. My name is Tore Jørgensen and I was born in Kristiansund Norway two years after WW II. We immigrated to Canada in 1957, but my family moved back to Norway in 1967, mainly due to being infected by the *spirochæter* bacteria while in Nazi concentration camp Stutthof. In the Nazi concentration camps, there was a 90% fatality rate from prisoners infected with *spirochæter* bacteria. In Norway, my dad was able to receive the necessary medical help, as he was a veteran.

My father, along with hundreds of Norwegian policemen all over Norway, was arrested under the code name *Aktion Polarkreis* on August 16, 1943. They were arrested because they refused to carry out the orders of Reichskommissar Josef Terboven and 271 were sent to Stutthof concentration camp in Eastern Poland.

I have spent the last 22 years translating into English, diaries, and memoirs and published a book under the Stutthof Diaries Collection 'For Truth & Honor'. I have also created a website [www.stutthofdiaries.com](http://www.stutthofdiaries.com) that features, not only my book, but interviews of Stutthof survivors, Norway at War, and movies featuring Norway during the Nazi occupation 1940-1945.

Best Personal Regards,

Tore Jørgensen
